The City of Wakefield is now offering Automatic Bill Payment (ACH) at no charge for both our residential and commercial utility customers. With direct payment for utility bills, customers can save time, save postage or a trip to City Hall, and avoid late penalties by having their utility bill payments debited from their checking or savings account without having to write checks.

To sign up, simply complete the Direct Payment (ACH) enrollment form and mail it to the City of Wakefield or deliver it in person. Please allow 30 days for processing and continue to pay your utility bills normally until you receive a notification that the service is active.

You will continue to receive a utility billing statement approximately 20 days before it is due indicating the amount due and the due date. Your payment will be automatically withdrawn from your designated bank account on the due date of your bill.

If you change banks, you will need to complete a new enrollment form and allow approximately 30 days for the change to go into effect. If you close a bank account without notifying the City or there are insufficient funds, you will be charged a non-sufficient fund fee, the payment will be reversed and late penalties may be applied to your account.

If you feel there is an error on your utility bill, you must contact the Utility Billing Department no less than 14 days before the due date of your bill and we will not debit your bank account for that particular bill. You will then have to pay any revised bill in a traditional manner.

You may discontinue this service at any time by notifying us in writing 2 weeks in advance.

If you have additional questions, please call the City of Wakefield Utilities Department at (906) 229-5131, Ext. 1001. Utility Department hours are Monday-Friday, 8-12 PM.
