3a. Employee Labor Cost for Separating Exempt from Nonexempt (Redacting):

(Fill this out if using a City employee. If contracted, use No. 3b instead.)

The City will not charge for labor directly associated with redaction if it knows or has reason to know that it previously redacted the record in question and still has the redacted version in its possession. This fee is being charged because failure to do so will result in unreasonably high costs to the City that are excessive and beyond the normal or usual amount for those services compared to the City's usual FOIA requests, because of the nature of the request in this particular instance, specifically: _____

This is the cost of labor of a **City employee**, including necessary review, directly associated with separating and deleting exempt from nonexempt information. This shall not be more than the hourly wage of the **City's lowest-paid employee** capable of separating and deleting exempt from nonexempt information in this particular instance, regardless of whether that person is available or who actually performs the labor. These costs will be estimated and charged in **15-minute time increments**; all partial time increments must be rounded down. *If the number of minutes is less than 15, there is no charge.*

3b. Contracted Labor Cost for Separating Exempt from Nonexempt (Redacting):

(Fill this out if using a contractor, such as an attorney. If a City employee, use No. 3a instead.)

The City will not charge for labor directly associated with redaction if it knows or has reason to know that it previously redacted the record in question and still has the redacted version in its possession. This fee is being charged because failure to do so will result in unreasonably high costs to the City that are excessive and beyond the normal or usual amount for those services compared to the City's usual FOIA requests, because of the nature of the request in this particular instance, specifically: _____

As the City does not employ a person capable of separating exempt from nonexempt information in this particular instance, as determined by the FOIA Coordinator, this is the cost of labor of a **contractor**, including necessary review, directly associated with separating and deleting exempt information from nonexempt information. This shall not exceed an amount equal to 6 times the state minimum hourly wage rate (currently \$8.15).

4. Copying / Duplication Cost:
