The Mayor is authorized to decrease the aggregate principal amount of the Bonds and/or change the payment dates and the amounts of any of the foregoing installments, or determine to issue the Bonds in more than one series, if it is in the best interest of the City, provided that the final principal payment of the Bond shall be due and payable within forty (40) years of the date of issuance of the Bonds.

The Bonds are expected to be delivered to the Government as initial purchaser thereof in installments (the "delivery installments") and each delivery installment shall be noted on the registration grid set forth on the Bonds. The delivery installments shall be deemed to correspond to the serial principal installments of the Bonds in direct chronological order of said serial principal installments.

The serial principal installments of the Bonds will each bear interest from the date of delivery of the corresponding delivery installment to the registered holder thereof as shown on the registration grid set forth on the respective Bonds at the rate of not to exceed two and five-eighths percent (2.625%) per

annum, payable on the first September 1 or March 1 following the date of delivery of said delivery installment, and semiannually thereafter on March 1 and September 1 of each year until maturity or earlier prepayment of said installment. Acceptance of the interest rate on the Bonds shall be made by execution of the Bonds which so designates the rate specified by the Government and accepted in writing by the Issuer. The Bonds shall be issued in fully-registered form and the Bonds shall not be convertible or exchangeable into more than one fully-registered bond. The Mayor is authorized to change the principal and interest payment dates prior to delivery of the Bonds if such a change is in the best interest of the City; provided that principal payments shall remain annual, and interest shall be due semi-annually.

The Bonds or installments thereof will be subject to prepayment prior to maturity in whole or in part at any time on or after the payment date of the first installment of principal of the Bonds in the manner provided in the form of the Bond set forth in Section 9 of this Ordinance.

Section 6. Bond Registration and Transfer. The Transfer Agent shall keep or cause to be kept at its principal office sufficient books for the registration and transfer of the Bonds, which shall at all times be open to inspection by the Issuer. The Transfer Agent shall transfer or cause to be transferred on said books Bonds presented for transfer, as hereinafter provided and subject to such reasonable regulations as it may prescribe.

Any Bond may be transferred upon the books required to be kept by the Transfer Agent pursuant to this Section, by the person in whose name it is registered, in person or by his duly authorized attorney, upon surrender of such Bond for transfer, accompanied by delivery of a duly executed written instrument of transfer in a form approved by the Transfer Agent. Whenever any Bond or Bonds shall be surrendered for transfer, the Transfer Agent shall record such transfer on the registration books and shall register such transfer on the registration grid attached to the Bond. At the time of such transfer the Transfer Agent shall note on the Bond the outstanding principal amount thereof at the time of such transfer. The Transfer Agent shall require the payment by the bondholder requesting the transfer of any tax or other governmental charge required to be paid with respect to the transfer. The Issuer shall not be required (i) to issue, register the transfer of, or exchange any Bond during a period beginning at the opening of business fifteen days before the day of the mailing of a notice of prepayment of Bonds or installments thereof selected for redemption and ending at the close of business on the day of that mailing, or (ii) to register the transfer of or exchange any Bond or portion thereof so selected for prepayment. In the event any Bond is called for prepayment in part, the Transfer Agent, upon surrender of the Bond, shall note on the Bond the principal amount prepaid and shall return the Bond to the registered owner thereof together with the prepayment amount on the prepayment date.

The Issuer's Treasurer is hereby appointed to act as Transfer Agent with respect to the Bonds. If and at such time as the Bonds are transferred to or held by any registered owner other than the Government, the Issuer by resolution may appoint a bank or trust company qualified under Michigan law to act as transfer agent and bond registrar with respect to the Bonds, and the Issuer may thereafter appoint a successor Transfer Agent upon sixty (60) days notice to the registered owner of the Bonds.

Section 7. Payment of the Bonds. Principal of and interest on the Bonds shall be payable in lawful money of the United States of America by check or draft mailed by the Transfer Agent to the registered owner at the address of the registered owner as shown on the registration books of the Issuer kept by the Transfer Agent. If the Government shall no longer be the registered owner of the Bonds, then the principal of and interest on the Bonds shall be payable to the registered owner of record as of

the fifteenth day of the month preceding the payment date by check or draft mailed to the registered owner at the registered address. Such date of determination of the registered owner for purposes of payment of principal or interest may be changed by the Issuer to conform to future market practice. The Issuer's Treasurer is hereby authorized to execute an agreement with any successor Transfer Agent.

The Transfer Agent shall record on the registration books the payment by the Issuer of each installment of principal or interest or both on the Bonds when made and the canceled checks or drafts representing such payments shall be returned to and retained by the Issuer's Treasurer, which canceled checks or drafts shall be conclusive evidence of such payments and the obligation of the Issuer with respect to such payments shall be discharged to the extent of such payments.

Upon payment by the Issuer of all outstanding principal of and interest on the Bonds, the registered owners thereof shall deliver the Bond or Bonds to the Issuer for cancellation.

The Issuer's Mayor and the City Clerk each is hereby authorized and directed to negotiate privately the sale of the Bonds to the Government at an interest rate not to exceed two and five-eighths percent (2.625%) per annum.

The Issuer determines to sell the Bonds to the Government pursuant to a negotiated sale in order to obtain terms not generally available from conventional municipal bond market sources and for the opportunities provided by a negotiated sale to the Government to select and adjust the terms of the Bond, including the prepayment of the principal of the Bonds at any time without premium.

The sale of the Bonds to the Government at an interest rate of not to exceed two and five-eighths percent (2.625%) per annum and at the par value thereof is hereby approved. The Issuer's Treasurer is hereby authorized to deliver the Bonds in accordance with the delivery instructions of the Government.

Section 8. Execution and Delivery of the Bonds. The Bonds shall be manually signed by the Mayor and countersigned by the City Clerk and shall have the corporate seal of the Issuer impressed thereon. After execution, the Bonds shall be held by the Issuer's Treasurer for delivery to the Government. No Bond or any installment thereof shall be valid until registered by the Issuer's Treasurer or by another person designated in writing by the Issuer's Treasurer to act as Bond Registrar, or upon transfer by the Government and thereafter, by an authorized representative of the Transfer Agent.

Section 9. Bond Form. The form and tenor of the Bonds shall be substantially as follows, subject to finalization as provided in this Ordinance:

Section 10. Security for Bonds. To pay the principal of and interest on the Bonds as and when the same shall become due, there is hereby created a statutory lien upon the whole of the Net Revenues of the System, which shall be a first lien, to continue until the payment in full of the principal of and interest on the Bonds and said Net Revenues shall be set aside for the purpose and identified as the Bond and Interest Redemption Fund, as hereunder specified.

Section 11. Budget. Immediately upon the effective date of this Ordinance for the remainder of the current Fiscal Year, and thereafter prior to the beginning of each Fiscal Year, the Issuer shall prepare an annual budget for the System for the ensuing Fiscal Year itemized on the basis of monthly requirements. A copy of such budget shall be mailed to the Government without request from the Government for review prior to adoption (as long as the Government is the registered owner of any of the Bonds), and upon written request to any other registered owners of the Bonds.

Section 12. Custodian of Funds; Funds. The Issuer's Treasurer shall be custodian of all funds belonging to or associated with the System and such funds shall be deposited in the Depository Bank. The Issuer's Treasurer shall execute a fidelity bond with a surety company in an amount at least equal to the maximum annual debt service for the Bonds.

The Issuer's Treasurer has created and is hereby directed to continue and maintain the following funds and accounts into which the proceeds of the Bonds and the Revenues from the System shall be deposited in the manner and at the times provided in this Ordinance, which funds and accounts shall be established and maintained, except as otherwise provided, so long the Bonds hereby authorized remain unpaid.

(A) CONSTRUCTION ACCOUNT. The proceeds of the Bonds hereby authorized and no other funds, shall be deposited in the 2011 SEWAGE DISPOSAL SYSTEM CONSTRUCTION ACCOUNT (the "Construction Account"), in the Depository Bank. Moneys in the Construction Account shall be transferred, expended and used only in the manner and order as follows:

(1) To pay all legal, engineering, and financial expenses, and other expenses incident to the acquisition and construction of the Project, and incident to the refunding of the Outstanding Bonds, and the issuance, sale and delivery of the Bonds;

(2) Payments in an amount which, together with funds on hand of Issuer from the Bond and Interest Redemption Fund for the Outstanding Bonds and funds from the Bond Reserve Account for the Outstanding Bonds, are sufficient to pay the outstanding principal of and interest on the Outstanding Bonds to be refunded on the date of issuance of the Bonds; and

(3) Payments necessary to finance the cost of the acquisition, construction, installation, and equipping of the Project, or to reimburse the Issuer for funds expended in connection with the foregoing.

If monies other than proceeds of the Bonds are deposited into the Construction Account, then the monies constituting proceeds of the Bonds shall be accounted separately from such other funds or monies.

Any unexpended balance of the proceeds of sale of the Bonds remaining after completion of the Project herein authorized may in the discretion of the Issuer be used for further improvements,

enlargements and extensions to the System, provided that at the time of such expenditure such use be approved by the Department of Treasury (if such approval is then required by law). Any remaining balance after such expenditure shall be paid into the Bond and Interest Redemption Account (hereinafter defined) and used as soon as is practical for the prepayment of installments of the Bonds or for the purchase of installments of the Bonds at not more than the fair market value thereof. Following completion of the Project, any unexpended balance of the Bonds shall be invested at a yield not to exceed the yield on the Bonds.

After completion of the Project and disposition of remaining proceeds, if any, of the Bonds pursuant to the provisions of this Section, the Construction Account shall be closed.

(B) **SEWAGE DISPOSAL SYSTEM RECEIVING FUND.** Upon and after the effective date of this Ordinance, the Revenues of the System shall continue to be set aside into a separate fund designated the SEWAGE DISPOSAL SYSTEM RECEIVING FUND (the "Receiving Fund"), and moneys so deposited therein shall be transferred, expended and used only in the manner and order as follows:

(1) **Operation and Maintenance Fund.** The separate fund designated the OPERATION AND MAINTENANCE FUND (the "Operation and Maintenance Fund") is hereby continued and maintained. Revenues shall be transferred each quarter of the Fiscal Year, commencing upon the effective date of this Ordinance, from the Receiving Fund to the Operation and Maintenance Fund to pay the reasonable and necessary current expenses of administration and operating and maintaining the System for the ensuing quarter.

(2) **Sewage Disposal System Revenue Bonds-Bond and Interest Redemption Fund.** The separate fund designated as the SEWAGE DISPOSAL SYSTEM BOND - BOND AND INTEREST REDEMPTION FUND (the "Bond and Interest Redemption Fund") is hereby continued and maintained. After the transfer required in (1) above, Revenues shall be transferred each quarter of the Fiscal Year, commencing July 1, 2011 from the Receiving Fund, before any other expenditures or transfer therefrom, and deposited in the Bond and Interest Redemption Fund for payment of principal of and interest on the Bonds and to fund the Bond Reserve Account.

Upon any delivery of an installment of the Bonds there shall be set aside at the time of delivery and on the first day of each quarter of the Fiscal Year thereafter to the next interest payment date an amount equal to that fraction of the amount of interest due on the next interest payment date on said installment so delivered, the numerator of which is 1 and the denominator of which is the number of full and partial Fiscal Year quarters from the date of said delivery to the next interest payment date. There shall be set aside each Fiscal Year quarter on or after July 1, 2011, an amount not less than 1/2 of the amount of interest due on the next interest payment date on all outstanding installments of the Bond not delivered during the then current interest payment period.

Upon any delivery of an installment of the Bonds there shall be set aside at the time of such delivery and on the first day of each quarter of the Fiscal Year thereafter to the next principal payment date an amount equal to that fraction of the amount of principal due on the next principal payment date on said installment so delivered, the numerator of which is 1 and the denominator of which is the number of full and partial Fiscal Year quarters from the date of said delivery to the next principal payment date. There shall also be set aside each Fiscal Year quarter on or after July 1, 2011, an amount not less than 1/4 of the amount of principal due on the next principal payment date. Except as

hereinafter provided, no further deposits shall be made into the Bond and Interest Redemption Fund (excluding the Bond Reserve Account) once the aforesaid sums have been deposited therein. Any amount on deposit in the Bond and Interest Redemption Fund (excluding the Bond Reserve Account) in excess of (a.) the amount needed for payment of principal installments of the Bonds for the then current principal payment period, plus (b.) interest on the Bonds for the then current interest payment period, shall be used by the Issuer for redemption of principal installments of the Bonds in the manner set forth in Section 10 hereof, or if such use is impracticable, shall be deposited in or credited to the Receiving Fund.

If for any reason there is a failure to make such quarterly deposit in the amounts required, then the entire amount of the deficiency shall be set aside and deposited in the Bond and Interest Redemption Fund out of the Revenues first received thereafter which are not required by this Ordinance to be deposited in the Operation and Maintenance Fund or in the Bond and Interest Redemption Fund, which amount shall be in addition to the regular quarterly deposit required during such succeeding quarter or quarters.

There is hereby recognized in the Bond and Interest Redemption Fund a separate account designated as the BOND RESERVE ACCOUNT (the "Bond Reserve Account"). Commencing July 1, 2011, there shall be withdrawn from the Receiving Fund at the beginning of each Fiscal Year quarter and set aside in and transferred to the Bond Reserve Account, after provision has been made for the Operation and Maintenance Fund and the current requirements of the Bond and Interest Redemption Fund, the sum of at least \$7,150 per quarter (\$28,600 annually) until there is accumulated in such fund the lesser of the sum of \$286,000 or the Reserve Amount. Except as hereinafter provided, no further deposits shall be made into the Bond and Interest Redemption Fund for the purposes of the Bond Reserve Account once the lesser of the sum of \$286,000 or the Reserve Amount has been deposited therein. The moneys in the Bond Reserve Account shall be used solely for the payment of the principal installments of and interest on the Bonds as to which there would otherwise be default; provided however, that in the event the amount on deposit in the Bond Reserve Account exceeds the Reserve Amount, the moneys in excess of the Reserve Amount shall be used to pay principal installments of and interest on the Bonds on the next payment date.

If at any time it shall be necessary to use moneys in the Bond Reserve Account for such payment, then the moneys so used shall be replaced from the Net Revenues first received thereafter which are not required by this Ordinance to be used for operation and maintenance or for current principal and interest requirements for the Bonds.

No further payments need be made into the Bond and Interest Redemption Fund after enough of the principal installments of the Bonds have been retired so that the amount then held in the Bond and Interest Redemption Fund (including the Bond Reserve Account), is equal to the entire amount of principal and interest which will be payable at the time of maturity of all the principal installments of the Bonds then remaining outstanding.

The moneys in the Bond and Interest Redemption Fund and the Bond Reserve Account shall be invested in accordance with Section 13 of this Ordinance, and profit realized or income earned on such investment shall be used or transferred as provided in Section 13 of this Ordinance.

(3) Repair, Replacement and Improvement Fund. The separate fund designated REPAIR, REPLACEMENT AND IMPROVEMENT FUND (the "RRI Fund") is hereby continued and

maintained. After the transfers required in (1) and (2) above, commencing July 1, 2011 revenues shall be transferred at the beginning of each quarter of each Fiscal Year from the Receiving Fund and deposited in the RRI Fund in an amount not less than \$11,100 (\$44,400 annually), less the amount, if any, deposited in the Bond Reserve Account at the beginning of the same Fiscal Year quarter. Moneys in the RRI Fund shall be used and disbursed only for the purpose of paying the cost of (a) repairing any damage to and emergency maintenance of the System, (b) repairing or replacing obsolete, deteriorating, deteriorated or worn out portions of the System, (c) acquiring and constructing extensions and improvements to the System and (d) when necessary, for the purpose of making payment of principal and interest on the Bonds. If the amount in the Bond and Interest Redemption Fund and the Bond Reserve Account is not sufficient to pay the principal of and interest on the Bonds when due, the moneys in the RRI Fund shall be transferred to the Bond and Interest Redemption Fund and used for that purpose. Moneys in the RRI Fund may be invested in accordance with Section 13 of this Ordinance.

(4) Reverse Flow of Funds: Surplus Money. In the event the moneys in the Receiving Fund are insufficient to provide for the current requirements of the Operation and Maintenance Fund, the Bond and Interest Redemption Fund (including the Bond Reserve Account) or the RRI Fund, any moneys and/or securities in the funds of the System described by this Ordinance shall be transferred, first, to the Operation and Maintenance Fund, second, the Bond and Interest Redemption Fund, and third, to the RRI Fund.

All moneys remaining in the Receiving Fund at the end of any Fiscal Year after satisfying the above requirements for the deposit of moneys into the Operation and Maintenance Fund, the Bond and Interest Redemption Fund and the RRI Fund may be transferred to the Bond and Interest Redemption Fund and used to call Bonds or portions thereof for redemption, or at the option of the Issuer, transferred to the RRI Fund and used for the purpose for which the funds were established; provided, however, that if there should be a deficit in the Operation and Maintenance Fund, the Bond and Interest Redemption Fund, the Bond Reserve Account or the RRI Fund, on account of defaults in setting aside therein the amounts hereinbefore required, then transfers shall be made from such moneys remaining in the Receiving Fund to such funds in the priority and order named in this Section, to the extent of such deficits.

Section 13. Investments. Moneys in the funds and accounts established herein and moneys derived from the proceeds of sale of the Bonds may be invested by the legislative body of the Issuer on behalf of the Issuer in the obligations and instruments permitted for investment by Section 24 of Act 94, as the same may be amended from time to time; provided, however, that as long as the Bonds are held by the Government, then the investment may be limited to the obligations and instruments authorized by the Government. Investment of moneys in the Bond and Interest Redemption Fund being accumulated for payment on the next maturing principal or interest payment on the Bonds shall be limited to obligations and instruments bearing maturity dates prior to the date of the next maturing principal or interest payment on the Bonds. Investment of moneys in the Bond Reserve Account shall be limited to Government obligations and instruments bearing maturity dates or subject to redemption, at the option of the holder thereof, not later than five (5) years from the date of the investment. In the event investments are made, any securities representing the same shall be kept on deposit with the Depository Bank. Interest income earned on investment of funds in the Receiving Fund, the Operation and Maintenance Fund and the Bond and Interest Redemption Fund (except the Bond Reserve Account), shall be deposited in or credited to the Receiving Fund. Interest income earned on the investment of funds in the Bond Reserve Account shall be deposited in the Bond and Interest Redemption Fund.

Section 14. Rates and Charges. Rates and charges for the services of the System have been fixed by ordinance in an amount sufficient to pay the costs of operating, maintaining and administering the System, to pay the principal of and interest on the Bonds and to meet the requirements for repair, replacement, reconstruction and improvement and all other requirements provided herein, and otherwise comply with the covenants herein provided. The Issuer hereby covenants and agrees to fix and maintain at all times while any of the Bonds shall be outstanding such rates for service furnished by the System as shall be sufficient to provide for the foregoing expenses, requirements and covenants, and to create a bond and interest redemption fund (including a bond reserve account) for all such Bonds. The rates and charges for all services and facilities rendered by the System shall be reasonable and just, taking into consideration the cost and value of the System and the cost of maintaining, repairing, and operating the same and the amounts necessary for the retirement of all of the Bonds, and accruing interest on all of the Bonds, and there shall be charged such rates and charges as shall be adequate to meet the requirements of this Section and Section 12 of this Ordinance.

Section 15. No Free Service. No free service shall be furnished by the System to any individual, firm or corporation, public or private or to any public agency or instrumentality.

Section 16. Covenants. The Issuer covenants and agrees, so long as any of the Bonds hereby authorized remain unpaid, as follows:

(a) It will comply with applicable State laws and regulations and continually operate and maintain the System in good condition.

(b)(i) It will maintain complete books and records relating to the operation and financial affairs of the System. If the Government is the holder of any of the Bonds, the Government shall have the right to inspect the System and the records, accounts, and data relating thereto at all reasonable times.

(ii) It will file with the Department of Treasury and the Government each year, as soon as is possible, not later than ninety (90) days after the close of the Fiscal Year, a report, on forms prepared by the Department of Treasury, made in accordance with the accounting method of the Issuer, completely setting forth the financial operation of such Fiscal Year.

(iii) It will cause an annual audit of such books of record and account for the preceding Fiscal Year to be made each year by a recognized independent certified public accountant, and will cause such accountant to mail a copy of such audit to the Government, without request of the Government, or to the manager of the syndicate or account purchasing any of the Bonds. Such audit shall be completed and so made available not later than one hundred fifty (150) days after the close of each Fiscal Year, and said audit may, at the option of the Issuer, be used in lieu of the statement on forms prepared by the Department of Treasury and all purposes for which said forms are required to be used by this Ordinance.

(c) It will maintain and carry, for the benefit of the holders of the Bonds, insurance on all physical properties of the System, of the kinds and in the amounts normally carried by municipalities engaged in the operation of similar systems. The amount of said insurance shall be approved by the Government. All moneys received for losses under any such insurance policies shall be applied solely to the replacement and restoration of the property damaged or destroyed, and to the extent not so used, shall be used for the purpose of calling Bonds.

(d) It will not borrow any money from any source or enter into any contract or agreement to incur any other liabilities that may in any way be a lien upon the Revenues or otherwise encumber the System so as to impair Revenues therefrom, without obtaining the prior written consent of the Government, nor shall it transfer or use any portion of the Revenues derived in the operation of the System for any purpose not herein specifically authorized.

(e) It will not voluntarily dispose of or transfer its title to the System or any part thereof, including lands and interest in land, sale, mortgage, lease or other encumbrances, without obtaining the prior written consent of the Government.

(f) Any extensions to or improvements of the System shall be made according to sound engineering principles and specifications shall be submitted to the Government for prior review.

Section 17. Additional Bonds. The Issuer may issue additional bonds of equal standing with the Bonds for the following purposes and on the following conditions:

(a) To complete construction of the Project according to the plans referred to in Section 1, additional bonds may be issued in the amount necessary therefor.

(b) For the purpose of making reasonable replacement, improvement or extension of the System or refunding the Bonds if:

(i) The augmented net revenues of the System for the Fiscal Year preceding the year in which such additional Bonds are to be issued were 100 percent of the average annual debt service requirements on all Bonds then outstanding and those proposed to be issued net of any Bonds to be refunded by the new issue; or

(ii) The holders of at least 75 percent of the then outstanding Bonds consent to such issue in writing.

For purposes of this Section the term "augmented net revenues" shall mean the Net Revenues of the System for a year, adjusted to reflect the effect of any rate increase placed in effect during that year (but not in effect for the whole year), placed in effect subsequent to the year or scheduled, at the time the new Bonds are authorized, to be placed in effect before principal of and interest on the new Bonds become payable from Revenues of the System, and augmented by any increase in Revenues or decrease in expenses estimated to accrue from the improvements to be acquired from the new Bonds. The adjustments and augmentations provided for in the preceding sentence shall be established by certificate of an independent consulting engineer filed with the Clerk of the Issuer. If new Bonds are issued within 4 months of the end of a Fiscal Year, the determination made in subsection (b)(i) of this Section may be based upon the results of a Fiscal Year ending within 16 months of the date of issuance of the new Bonds.

The funds herein established shall be applied to all additional bonds issued pursuant to this Section as if said bonds were part of the original bond issue and all Revenues from any such extension or replacement constructed by the proceeds of an additional bond issue shall be paid to the Receiving Fund mentioned in this Ordinance.

Except as otherwise specifically provided so long as any of such Bonds herein authorized are outstanding, no additional bonds or other obligations pledging any portion of the Revenues of the System shall be incurred or issued by the Issuer unless the same shall be junior and subordinate in all respects to the Bonds herein authorized.

Section 18. Ordinance Shall Constitute Contract. The provisions of this Ordinance shall constitute a contract between the Issuer and the bondholders and after the issuance of the Bonds this Ordinance shall not be repealed or amended in any respect which will adversely affect the rights and interests of the holders nor shall the Issuer adopt any law, ordinance or resolution in any way adversely affecting the rights or the holders so long as the Bonds or interest thereon remains unpaid.

Section 19. Refunding of Bonds. If at any time it shall appear to the Government that the Issuer is able to refund upon call for redemption or with consent of the Government the then outstanding Bonds by obtaining a loan for such purposes from responsible cooperative or private credit sources at reasonable rates and terms for loans for similar purposes and periods of time, the Issuer will, upon request of the Government, apply for and accept such loan in sufficient amount to repay the Government, and will take all such actions as may be required in connection with such loans.

Section 20. Default of Issuer. If there shall be default in the Bond and Interest Redemption Fund, provisions of this Ordinance or in the payment of principal of or interest on any of the Bonds, upon the filing of a suit by 20 percent of the holders of the Bonds, any court having jurisdiction of the action may appoint a receiver to administer the System on behalf of the Issuer with power to charge and collect rates sufficient to provide for the payment of the Bonds and for the payment of operation, maintenance and administrative expenses and to apply Revenues in accordance with this Ordinance and the laws of the State of Michigan.

The Issuer hereby agrees to transfer to any bona fide receiver or other subsequent operator of the System, pursuant to any valid court order in a proceeding brought to enforce collection or payment of the Issuer's obligations, all contracts and other rights of the Issuer, conditionally, for such time only as such receiver or operation shall operate by authority of the court.

The holders of 20 percent of the Bonds in the event of default may require by mandatory injunction the raising of rates in a reasonable amount.

Section 21. Ordinance Subject to Michigan Law and Government Regulations. The provisions of this Ordinance are subject to the laws of the State of Michigan and to the present and future regulations of the Government not inconsistent with the express provisions hereof and Michigan law.

Section 22. Fiscal Year of System. The fiscal year for operating the System shall be the Fiscal Year.

Section 23. Issuer Subject to Loan Resolution. So long as the Government is holder of any of the Bonds, the Issuer shall be subject to the loan resolution (RUS Bulletin 1780-27) and shall comply with all provisions thereof.

Section 24. Covenant Not to Defeas. So long as the Government is the holder of any of the Bonds the Issuer covenants that it will not defeas any of the Bonds held by the Government.

Section 25. Conflict and Severability. All ordinances, resolutions and orders or parts thereof in conflict with the provisions of this Ordinance are to the extent of such conflict hereby repealed, and each section of this Ordinance and each subdivision of any section hereof is hereby declared to be independent, and the finding or holding of any section or subdivision thereof to be invalid or void shall not be deemed or held to affect the validity of any other section or subdivision of this Ordinance.

Section 26. Paragraph Headings. The paragraph headings in this Ordinance are furnished for convenience of reference only and shall not be considered to be a part of this Ordinance.

Section 27. Publication and Recordation. This Ordinance shall be published in full in the *Wakefield News Bessemer Pick & Axe*, a newspaper of general circulation in the Issuer, qualified under State law to publish legal notices, promptly after its adoption, and the same shall be recorded in the Ordinance Book of the Issuer and such recording authenticated by the signatures of the Mayor and the City Clerk.
